**So what's your name and what's your position at DTV?**

My name is Ryan Steets I'm the COO of Downtown Vapes

**And how long did you smoke before you started vaping?**

I smoked for about 8 years, pack and a half a day to 2 packs a day.

**And how long have you been vaping now?**

I've been vaping for just about 3 years now.

**How long have you lived in West Palm Beach?**

I lived in West Palm Beach for about 12 years, I lived in Broward County for most of my life till I was about 15, and then I moved to West Palm beach 12 years ago and I've been living here ever since and I love it.

**And what device are you currently using?**

I am using an IPV D2 [box mod] with a Mutation X v4 [rebuildable dripping atomizer].

**And what's your favorite part of vaping?**

I love the culture of it, I love, you know, vapers getting together whether it be like a coil building class or a cloud competition plus all the flavors, you can't beat it.

**What was the first device that you used?**

First device that I've ever used, well I had a cigalike that I quickly threw away because it didn't

really give me what I wanted. But then I purchased a mini VIVI NOVA with a 900mAh Ego-T battery non-adjustable, and I rocked that for quite a while, it's what actually helped me kick the smoking habit.

**And what's your favorite flavor?**

My favorite flavor is Potion #9, it's a [strawberry custard](#) by DTV.

**And why did you wanna work in the vaping industry?**

I'm very passionate about vaping, ever since I picked it up I've enjoyed it very much. And I like the idea of being able to help other people put their cigarette habit down as I have.

Well thank you Ryan.

Thank you.
